At Blacklock, we believe that integrating dance, drama, music and visual art into the lives of students will enhance the learning of core subjects. We believe that kids come first. Our school is a place that promotes respect, responsibility, good citizenship, artistic and academic excellence in a safe, caring learning and teaching environment. Mistakes are learning opportunities through which a child can become more self-assured and confident. We believe in the benefits of teaching proper behavior when a mistake occurs, thereby turning a negative situation into a positive learning opportunity. The children will experience success through social development as well as in academics and arts.
